DOORS OPEN

Slowly they walk down the desolate halls. Each one quiet for what seems an eternity. Two months since the gala of surprise parties, two months since the joyful sounds of new friends roamed these halls. Ever so gracefully they flip the switches that bring a flood of life to the halls, rooms, and lounges. Tedious and long will their job be, but time is fighting them with his deadlines. Faster and faster the days roll by leaving them even less time to complete their endless task. And yet, even though time seemed to have won their job is done; the walls are painted a grim but passable green, the dust is wiped from every corner, the walls are once and for a final time rechecked for those trademarks of interior designs. Just in time is their job finished for the first arrivals to explore their new home.

HERE WE ARE

Whatever the season, the surroundings both in and out of class have allowed us to grow as a person, think as an individual, and strive for future goals ... together. As one takes a look where we live, the soaring tower can be seen from almost anywhere on campus. The glistening sunshine glows upon the rainbow casted flowers and there is a close knit atmosphere in the air. And so, as we draw nearer to the end, we find ourselves fondly reflecting on the days of hiking across campus to the bookstore, visiting the snackbar, remembering the traditional fountain, drop-ins to the post office, waking up late and running to ... wherever??? For all, some part of us will remain long after we're gone; for here we are.

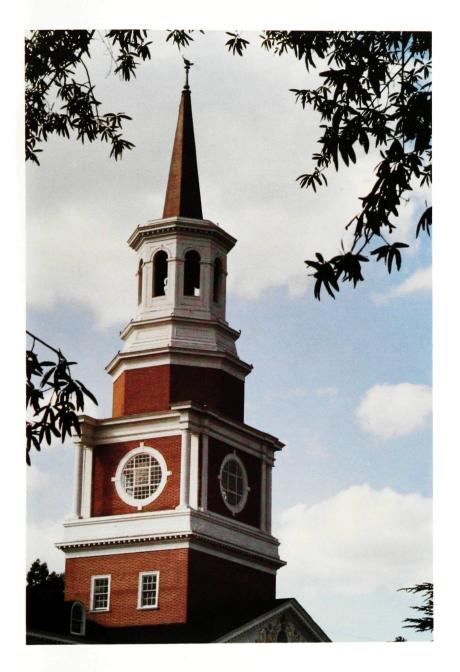

What luck some thought to have a President before the summer of '81 was over. Finally after a year of applications, interviews, and a ton of paperwork, the Board of Trustees named Dr. Charles Lucht to be the fifth President of High Point College.

Dr. Lucht had been serving as Acting-Vice-President of Academic Affairs at Mississippi University for Women when he recieved news of the decision.

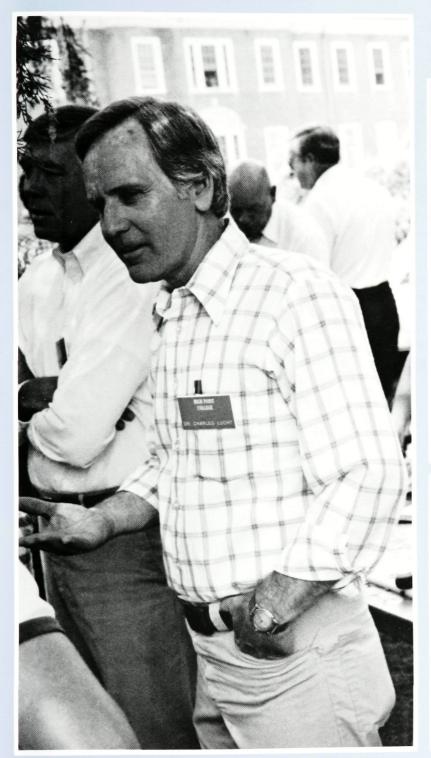

Since August first, when he took office, Dr. Lucht has been busy trying to get the feel of High Point.

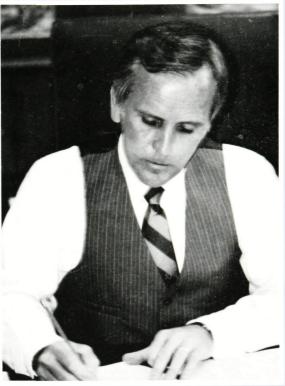

His acceptance here at High Point has been overwhelming for such a short period of time

What is it that makes him so "likeable?" Is it his personality? Well, that probably has a great deal to do with his success here. However, his most liked trait is his openess. The students here at High Point have found that his office is always open for any discussion. This is evident by his constently asking students to bring suggestions to him be it academic, or otherwise.

Convocation this year found a full auditorium of curious students wondering what type of individual had been selected as their next President. Few if any left without great joy for the choice that had been made. They saw an individual speaking to them that day that was genuinely concerned about their success, as well as their happiness here at High Point.

Though the wait has been a long one, the results have been rewarding. Our best wishes and total support are behind this unique man all the way. Thus, the torch has been passed and a new and even more prosperous era in the history of High Point College begins to outshine them all

Above right; Busy at work in his new office Above; Personal contact; this is why we like him most.

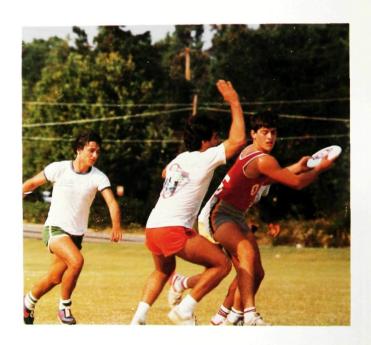

Above; Not even a President can a avoid eating chicken with his hands

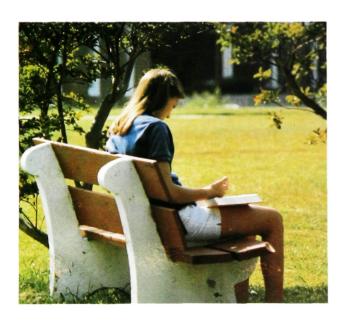

FROM TWO TO FIVE

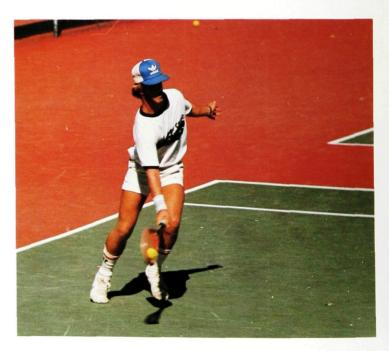

The anticipation of freedom for the afternoon has finally arrived. There will be no more worries over classes for awhile. This time of day is a time we all look forward to with sheer excitement.

Our forms of relaxation and fulfilment are as varied as our individual personalities. Some of us look forward to that game of ultimate frisbee; some look forward to a quiet afternoon with a friend; others' look forward to the peace and quiet to maybe catch up on at least a little of our homework; while there are those select few who just like to sleep the afternoon away.

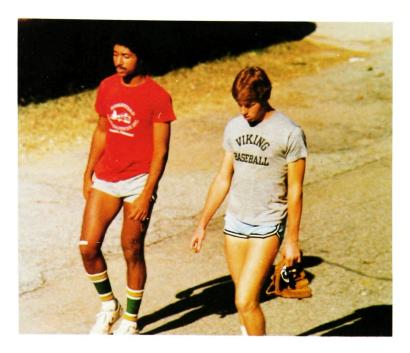

No matter what form of relaxation we choose, the three hours in the afternoon when all of us display our individuality are the most cherished of all. From 2 to 5 a time for everything and everyone.

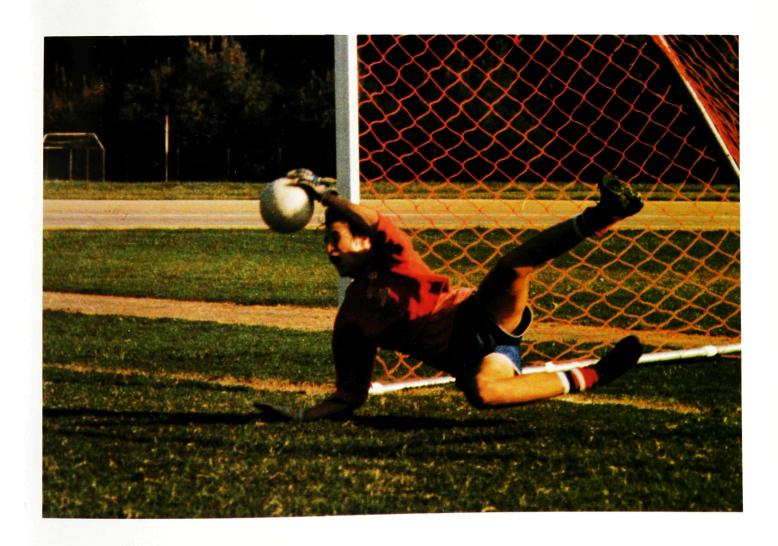

EVER LASTING

— BONDS

Friends — they listen and understand. They never chide or chastice. They are the closest image of God found on earth. Their form of communication need only be a hug and a smile, they need no vocal expression. They survey your terrain from afar and tell you which path they would choose. They are always as close as your heart. Whether alone or together friendship is an everlasting bond.

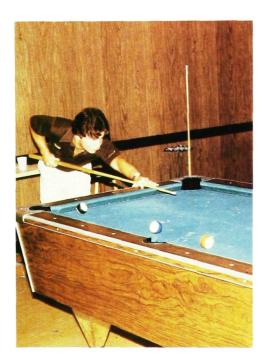

THE FAST PACE OF COLLEGE

There are only 24 hours in a day. How can one possibly cram everything into such a short time? Where does the time go? Classes, recreation, quiet talks with a friend, rap sessions with the guys, and time for oneself all are important in the lives of the students. For some, the day begins early and ends early. For others, the late nights are more appealing. All are constantly on the run, often trying to be in several places at once. Each day is a new beginning offering a chance to better the day before. Warm smiles and friendly "hello's" create a temporary "down home" feeling and makes it easier to cope with the fast pace of college.

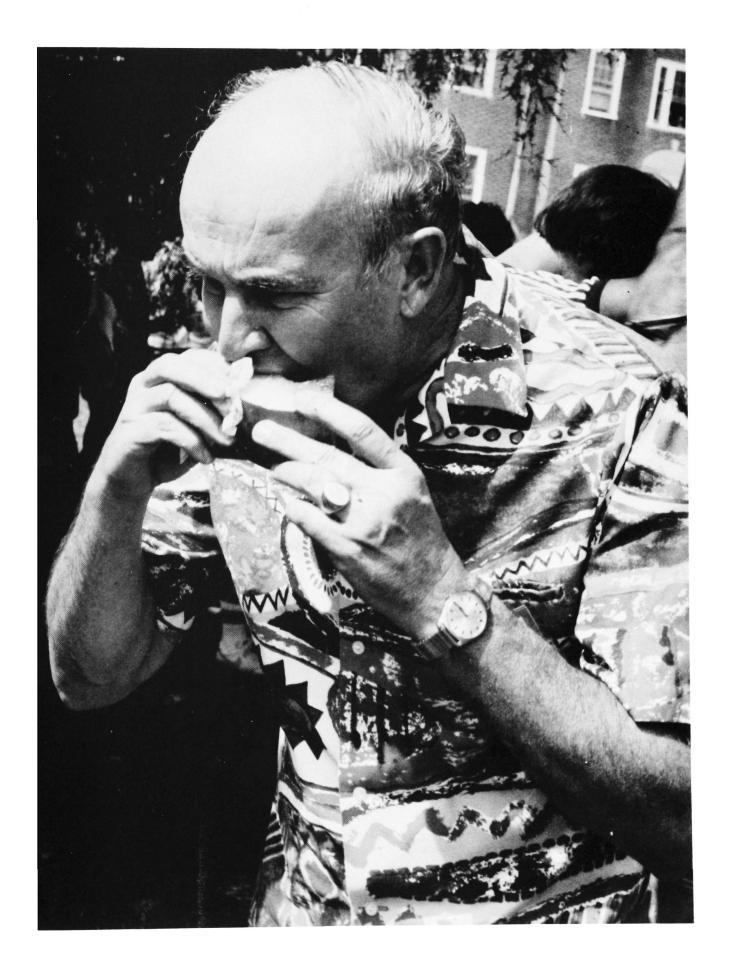

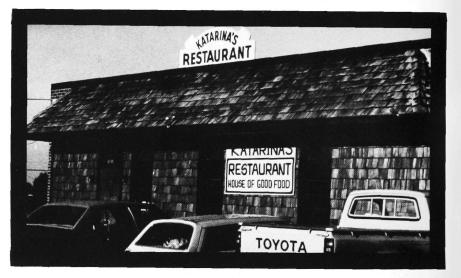

AFTER SUNDOWN

Classes completed, a tiring day finished, High Point's neon lights illuminate the sky. Students can be found anywhere from Tom's Brass Rail to Krispy Kreme Donuts. Burger King draws the late night munchy crowd after long hours of studying. Elizabeth's Pizza is the main retreat for dinner when the cafeteria menu doesn't appeal to one's taste. Katarina's and the Depot are also intriguing night spots. Seven-eleven and the Campus snack bar are quick stop-ins for munchies. The local movie theaters break-up the monotony of T.V. reruns. All these and more supply a variety of activities after sundown.

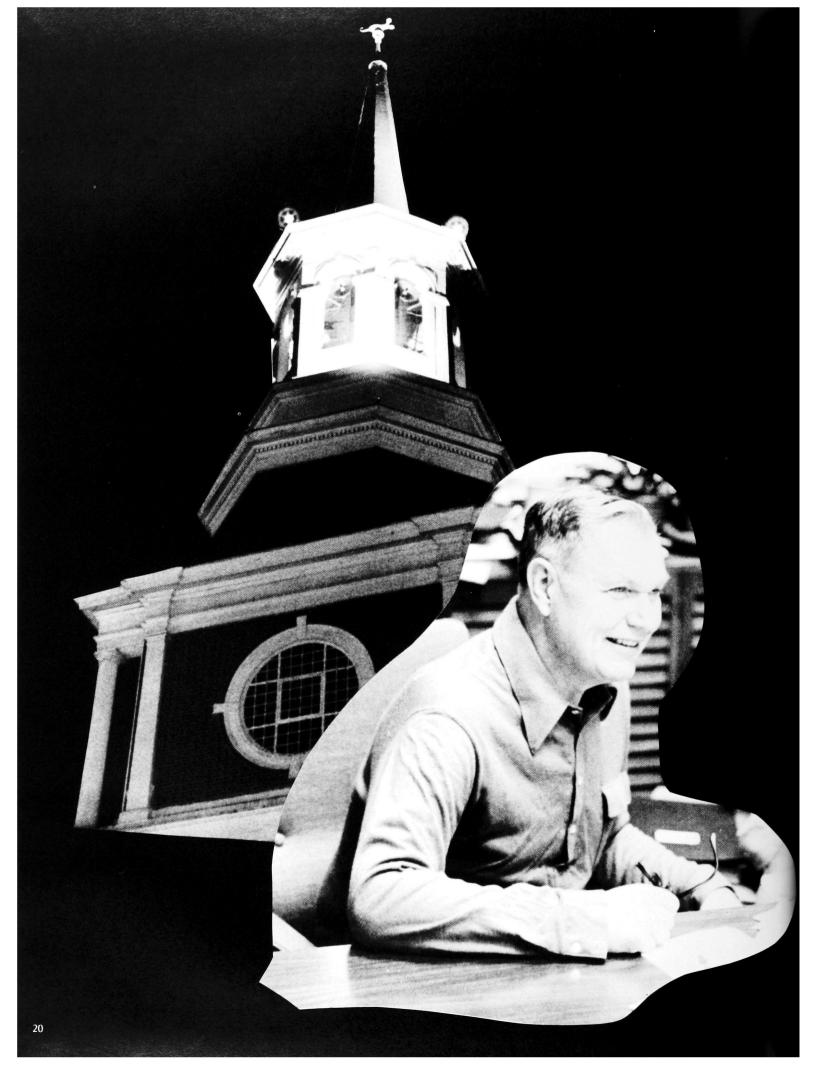

GOOD-BYE MY OLD FRIEND

Yadkin, Hayworth, the Student Center, Belk, renovations on Cooke Hall, SGA advisor, APO advisor, and a friend to any person willing to talk, or eat a piece of candy.

If it isn't apparent by now these are just a few characteristics of Earl G. Dalbey.

After returning from Christmas break this year we found that a friend true and dear to us had left. After seventeen years of loyal and dedicated service Mr. Dalbey has retired. According to him his era has ended and the time has come for new ideas.

Even though it is time, and he has retired Mr. Dalbey will never be far away. All we will have to do is just think of him.

Probably more than any other person at HPC, Mr. Dalbey has in seventeen years touched the hearts of almost everyone he has met.

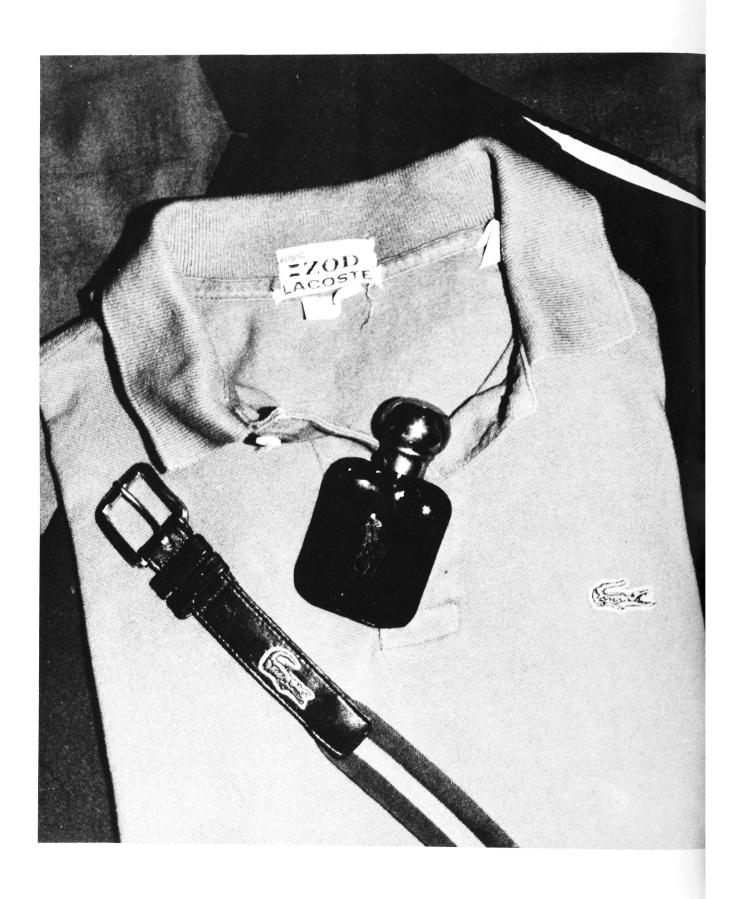

Mr. Dalbey said it all in these few words, "If there is any reward in a job like this it is the memories of those with whom I have spent time with."

He added, "Every minute I spend with a student I sincerely believe adds a minute to my life."

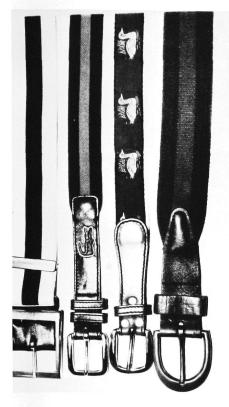

Surely if this statement is true Mr. Dalby will more than likely live forever, He will be missed greatly by everyone. After all, there are few places to go to tell someone your problems, leave with a feeling of relief, and a piece of candy. It was determined that in seventeen years more than a ton of candy has passed through Mr. Dalbey's office.

It is truly hard to express in words our feelings about this man, He has touched so many and hurt so few. Probably all who know him at all will agree that this passage fits Mr. Dalbey so well:

Don't walk in front of me, I may not follow. Don't walk behind me, I may not lead, Just walk beside me, And be my friend.

THIC BUT NOT CHEAP!

Decisons, decisions and more decisions are what most students have to make at least twice a day. One of those decisions hits us right off in the morning. What do I wear? The trend of clothes seems to be swaying more and more towards the "preppy look". Count the number of girls wearing a add-a-beads necklace and interchangeable belts. Also, try counting the number of whales, hearts, or frogs on a button down or a turtle neck sweater. How many students wear La-Costa shirts, pants, and skirts. You can even buy alligator shoelaces, earrings, and charm holders. Monogrammed sweaters are popular with both girls and guys. So, remember, while your pulling out a monogrammed money clip, dressing to impress can be chic but not cheap!

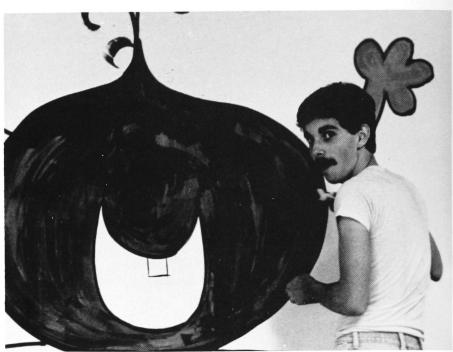

SHOOT ME PLEASE

Hey you! Take my picture. How many times have we heard or said that line? Dozens most likely. Everyone likes to get in on the action, but sometimes we get caught unaware. These times are the best. We see the "real" person. In one brief moment, your face can express a variety of emotions perhaps never to be repeated; yet the eye of the camera brings them into focus permanently. It is these fleeting expressions which cry out, "Shoot Me Please."

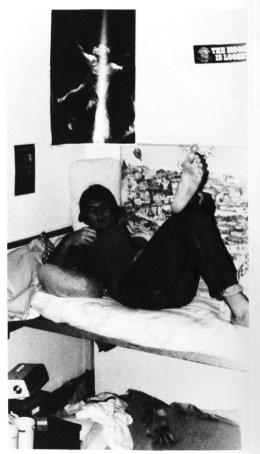

DRAB, DULL, DELIGHTFUL,

"Your home away from home" — that describes a college dorm. Each room is influenced by those who inhabit it. The walls and every corner absorb the needs and wishes of its occupants whether it's to brighten drab walls, to create walking space, or to bring nature indoors in the form of plants to create a restful atmosphere.

Individuality is the key to making a dorm room a comfortable place to study, work, and play in. Whether rooms are delightfully neat, depressingly dumpy, or just right, they are our "home away from home".

The Lady Panthers return a veteran team which finished second in the Caroliners Conference a year ago. Eight letter winners are back to provide a good season. Third-year Coach Nancy Little looks forward to a good season. "I expect us to have a real good season. We are young (no seniors) but have some experienced players," commented Little. Some returning players are sophomore, Becky Cowles, junior Viveca Wingfield, Co-Captain, sophomores Melanie Hamilton and Ursula Watt, the top all around player. Two freshmen, both setters, will help the team. Lynn Fortaliza is a probable starter while Susie Ramirez will play a great deal.

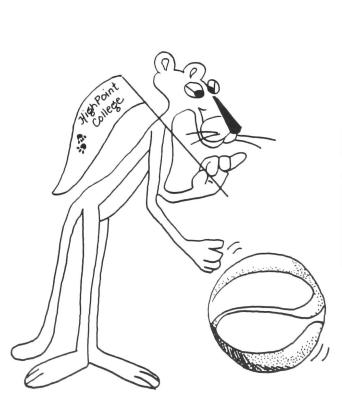

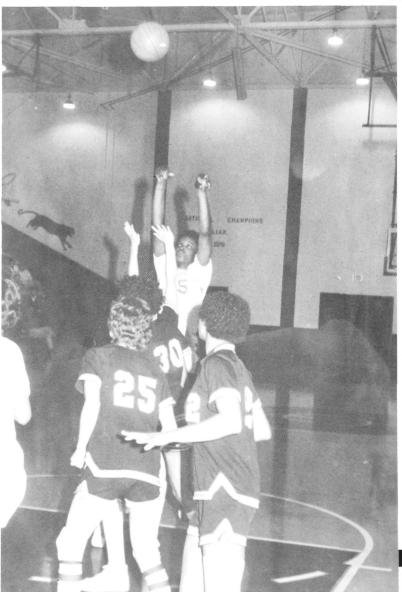

WOMEN'S BASKETBALL

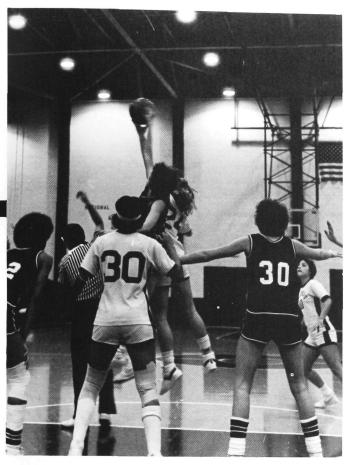

High Point College Women's Basketball will take on a new look this year as for the first time since 1976, there is not a returning All-American to lead the team. Says third year head coach Nancy Little, "We have played very well in the pre-season, practices and scrimmages. With the small number of people we have, we'll need to stay away from injuries and foul trouble, but I think we'll be competitive."

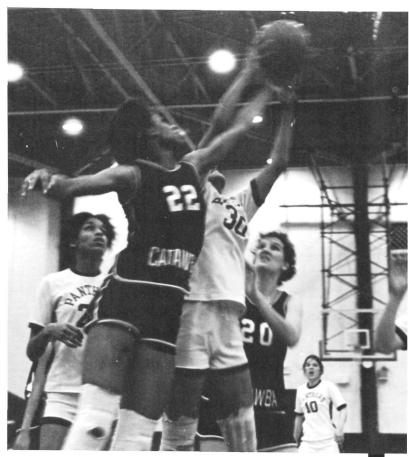

The competition for the Panthers will come from traditionally Elon College, Atlantic Christian and an up and coming Wingate team.

The Lady Panthers looked forward to their 1981-82 season with enthusiam. Seven starters returned from their highly successful 1980-81 team. As you recall, the Lady Panthers last year were runner's up in North Carolina as they made their third straight trip to the regional tournament. High Point will host the North Carolina state tournament and the Deep South Tournament. Coach Kitty Steele, in her sixth year, "so we'll have the advantage in trying to win our first state tournament."

NOTE: "The Lady Panthers did win the North Carolina state tournament in late October and advanced to the regional tournament for the fourth time. They finished third in the regionals.

The HPC gold team has the potential to be one of the best. Coach Woody Gibson commented, "The year of experience will really help our young players. We had three freshmen last year who have the potential to be outstanding college golfers." Forming the heart of the Panther Team are sophomores Buddy Sass, Ted Barhardt and Charlie Cowell. Senior Larry Corson is back after being in the top six for three years. The Panthers expect to make a strong showing in the conference and district tournaments in the spring.

JUST FOR THE FUN OF IT ...

INTRAMURALS

College students spend their leisure time in a variety of ways. One popular way here at HPC is in intramural sports activities. In fact, approximately 70% of our students contribute their time, talent, and determination in sports activities as varied as the students themselves. There are programs for all, the most popular being ultimate frisbee, basketball, bowling, soccer, softball, and volleyball. The intramural program helps to promote intercampus cooperation, friendship, and most of all — fun.

The High Point College baseball team, 22-15 a year ago, has hopes of recapturing the conference title which they failed to win last year after five successful championship seasons. Fourth year Coach Jim Speight thinks this edition of the Panther nine may be one of the best. "We'll have real good pitching, excellent defense and should have good hitting," says Speight. "I think if we play up to our capability, we'll be pleased with the season. We have a lot of potential in our freshmen and transfers, and a lot of proven ability in our veterans. If we can put it all together, we have a chance to having an outstanding season."

Banners were displayed around the gym and lawn displays were set up in front of McCulloch dorm. The Panthers hosted Catawba and although defeated, showed determination and good sportsmanship.

During the halftime, the Homecoming Court was recognized. Jannell Welsh, representing the Senior Class was crowned the 1982 Homecoming Queen. She was crowned by Cindy Burbage, 1981 Homecoming Queen. Miss Welsh was escorted by Jeff Sloan.

ORGANIZATIONS

SGA OFFICERS

The Student Government Association is the student governing body. It consists of the Executive Council, Legislature, and Judicial branches. All organizations are represented in the SGA. The SGA is the link between the students and faculty and administration. The SGA is concerned with making the student life at HPC better. The SGA tries to answer the concerns of all students in the best manner possible. It is an important organization on campus if students want to be heard, and everyone is encouraged to get involved with the SGA.

SOPHOMORE CLASS OFFICERS

"Two down and two to go!" Yes we are unbelievably halfway through our college careers. Both the freshmen jitters and the sophomore sleep are behind us. With only the junior complex and senioritis before us. Only graduation can completely cure these common college maladies. So for a placibo, we begin to plan for our graduation. Thus, both our physical and mental conditions will continue to improve as we begin our final count down of 484 school days left in our college careers.

We've made it! Our first year is over! Upon reflection, it is easy to see the metamorphasis that has occurred. From the quiet, shy neophyte to the noisy, outgoing pro. Orientation played its part in tearing the cacoon in which we were well protected from the environmental hazards of the daily college routine. However, it has been a invaluable learning experience. Incorporated in this experience is one which will continue to grow as we progress from Freshmen to Senior, matured by quality points and credits. But alas, our day will come when we'll spread our wings for distant horizons.

STUDENT UNION

Officers — left to right — Terry Spittal, Nancy Siersted, Denise Watts, Debbie Scanlon, Steve Ingram, Kevin Seidl, Pete Gibson

Whether you know it or not, you pay money into the Student Union fund. You pay for each movie, each coffeehouse, each ski trip, each concert, or even each dance. Approximately thirty dollars of your tuition goes toward your entertainment on campus. If you take advantage of these activities, you know how hard the Student Union trys to please each student. If you do not, you are definitely not getting your money's worth from your tuition. The student Union is an organization chartered only for your benefit. So, the next time you complain about nothing to do, look for a S.U. event. Then, experience Student Union, and get your money's worth! Just for the fun of it!

1981 ZENITH STAFF

Time, effort, and patience each is an essential ingredient in producing a production of quality and integrity. The Zenith is no exception. The 1981-1982 Zenith was blessed with a staff possessing an abundance of these virtues. Despite the injustices of cancelling long term plans, seemingly endless hours of grueling work, skipping meals and sleep, they persevered. Their product now lies at your finger tips, awaiting your approval and then, hopefully providing many years of enjoyment.

WWIH began broadcasting a few years ago as a rock music station with a power output of IO watts and a small listening audience. Today, "High Point's Best Alternative" is a IOO watt educational facility serving the triad with a diverse blend of sounds. The music includes rock 'n roll, new wave, bluegrass, jazz, easy listening, rhythm and blues, classical cuts and nostalgia from the I950's.

With the variety of music coupled with national news, Public Service Announcements, and campus news and interviews, it's not hard to see why WWIH is "High Point's Best Alternative".

UNITED WE STAND ...

"For the establishment of friendship on a firmer and more lasting basis." These words were uttered II4 years ago by our founders in the formation of our charter. On that day March I, 1868 the Pi Kappa Alpha fraternity was born. Since then our fraternity has had its' share of problems. Even here at High Point we have had to fight to gain respect among the others. Nevertheless, our fraternity has survived, we're the survivors. Without this friendship we would not have come from a total membership of seven to thirty-six in a matter of six years; quite the contrary we would have failed. But, we didn't, and we will not, We are one with each other, we are a group of completely different individuals never pressing anyone to comply with the whole; we are a fraternity; we are UNITED!

GREEK WEEK

Greek Week is a week long celebration denoting the presence of Greeks on campus. Fraternities and sororities both unite for one week in varied activities. Atheletic compeitions, such as the Powder Puff football game, represent a large category. Another aspect is social. A campfire and a Toga party represent two social functions during this week. However, Greeks are more than social "clicks." They provide a wide range of services for the campus and the community. A representative project during Greek Week has always been the Food Drive. All fraternities and sororities contribute to this worthwhile cause. Thus, Greek Week is a combination of fun, yet helpful activities for both the Greeks and the community.

DEDICATION — IN MEMORY OF STACY GILMAN

"All mankind is of one author, and is one volume; when one man dies, one chapter is not torn out of the book, but translated into a better language; and every chapter must be so translated; God employs several translaters; some pieces are translated by age, some by sickness, some by justice; but God's hand shall bind up all scattered leaves again, for that library where every book shall lie open to one another."

John Donne
